

## SNOWLI HIT english

### V1

A brand new day, the sun is saying hi  
Time to get on up and go out  
Skis in hand and helmet on the head  
today is the day, no doubt

At the ski school, friends are waiting  
we´re warming up from head to toe  
Snowli wants to show us everything  
Come on: We´re ready to go

### CH:

We´re cruising down every single slope  
going left and right, having so much fun  
And even if the snow comes down  
we go for another run

### V2

A Little break, and on we go  
We just can´t get enough  
We´re racing through the snow, laughing on the lift  
we won´t stop and hang in tough

For the final we´re coming together  
We are one big family  
Snowli wants to dance once again  
Come on and sing our melody
